

What is HEDIS[®]?

Healthcare Effectiveness Data and Information Set

We use HEDIS scores to measure our performance, determine quality initiatives and provide educational programs for you and for our members. You can use HEDIS scores to monitor your patients' health, identify developing issues and prevent further complications¹.

What is HEDIS[®] used for¹?

The National Committee for Quality Assurance (NCQA) coordinates HEDIS testing and score keeping. HEDIS[®] includes more than 90 measures across 6 domains of care:

- *Effectiveness of Care*
- *Access/Availability of Care*
- *Experience of Care*
- *Utilization and Risk Adjusted Utilization*
- *Health Plan Descriptive Information*
- *Measures Reported Using Electronic Clinical Data Systems*
